

POLICEMAN SHOT BY A BURGLAR IN MOONLIGHT DUEL

Millionaire's Row in Upper
Montclair, N. J., Scene of
Encounter.

CONDITION IS SERIOUS.

Burglar, Thought to be Es-
caped Convict from Cald-
well, Gets Away.

The Upper Mountain avenue section of Montclair, N. J., home of a most exclusive millionaire colony, was the scene early to-day of a pistol duel between a burglar and two policemen. One of the officers fell with a ball from the burglar's revolver in his body. Rocco Cardellicchio, the wounded policeman, is now at the Mountaineer Hospital in a serious condition.

All clues point to the deduction that the burglar was an escaped convict from Caldwell, Pennsylvania, who was surprised in the work of entering the home of Frank Hall on Upper Mountain avenue. After wounding the policeman, he made his escape through the woods which flank the mountain side of the avenue. POLICE VIGILANT BECAUSE OF OTHER ROBBERIES.

A series of burglaries in the homes of 30 Mountain avenue dwellers has kept the police of Montclair busy during the last month. Last week the home of James N. Jarvie of the firm of Arbuckle Bros., the coffee merchants, was entered and silverware worth \$200 was taken. This morning at 2:30 o'clock Cardellicchio and Policeman George Thompson were walking down Highland avenue, which runs directly behind Upper Mountain avenue. As they were passing the rear of the house of Frank Hall, a retired jeweler, they saw the shadow of a man melt into the darkness under the rooms occupied by the servants. They started to cross through the back yard to investigate when the skulking figure jumped out into the moonlight and made a break for the edge of the woods, one hundred yards away.

The burglar took the middle of Highland avenue on the jump, with the two policemen behind him and gaining. Thompson and Cardellicchio called upon the fugitive to stop, and when he did not they began to fire at him. That caused him to swerve sharply into the edge of the timber land. There he turned and sent three shots at his pursuers. At the third

Cardellicchio groaned and sank to the ground. WOUNDED MAN'S CONDITION THOUGHT SERIOUS.

Mr. Hall heard the shots and ran from his house with a revolver. He found Thompson bending over his wounded comrade. There was no sign of the burglar. Mr. Hall hurriedly cranked up his machine, the policeman was lifted into it and made a dash for the Mountaineer Hospital. There the doctors discovered that the bullet had passed through the flesh of the policeman's right arm and had entered the chest. How far the lead had penetrated they could not say, but they believed Cardellicchio's condition to be serious, though not dangerous.

CONGRESSMAN CONNELL DROPS DEAD IN HOME.

Representative from Poughkeepsie,
Who Defeated Hamilton Fish,
Had Been Renominated.

POUGHKEEPSIE, N. Y., Oct. 30.—Congressman Richard E. Connell of the Twenty-first District dropped dead in his home here early to-day. Heart failure was declared to be the cause of death by physicians who were hurriedly summoned but found him dead when they arrived. He was a candidate for re-election and had spoken at a meeting at Carmel, Putnam County, last night.

Connell gained fame two years ago when running as the Regular Democratic candidate he defeated Congressman Hamilton Fish in this district. One of the banner Republican communities of the State. He was born here on Nov. 15, 1867 and at the age of fourteen became self-supporting. Connell worked as a newspaper reporter and editor for twenty-three years and is survived by his widow, three daughters and one son.

SINGER'S ILLNESS IMPERILS OPERA OPENING PLAN.

May Have to Substitute Another
Work for "Les Huguenots" If
Hempel Is Unable to Appear.

The managers of the Metropolitan Opera House are facing a problem that causes them no little anxiety. They don't know what opera they are to present on the opening night, only three weeks away.

The tribulation of the managers is caused by the illness of Freda Hempel, coloratura of the Berlin Royal Opera, who has been engaged to sing here this season for the first time. Before she fell ill it had been arranged to present "Les Huguenots" the opening night, with Hempel and Caruso.

Ten days ago Hempel was to have sung farewells in several German cities, but she caught cold and was unable to appear. Her condition grew worse and alarm was occasioned here. Cables were sent and the answers were not encouraging. Then the managers ceased, and in the last four or five days the anxiety has become keen.

Last night the managers were waiting to learn by cable whether the singer was well enough to sail from Bremen in the afternoon or will be sufficiently improved to leave to-day from Cherbourg. If she isn't it will necessitate an entire change of plans for the opening night, and there isn't much time to make new ones.

O'Neill Ryan to Speak for Wilson. A mass meeting will be held under the auspices of the Irish-American Municipal Union at the Imperial Hotel, Fulton street and Red Hook lane, Brooklyn, to-night. Judge O'Neill Ryan of St. Louis, a noted orator, will make the principal address. James M. Sullivan and David Griffin will also speak. Martin B. Mackin of Brooklyn will preside. The following committee has charge of arrangements: Col. C. J. Crowley, Matthew T. Brunsell, Edward Dwyer, T. B. McGowan, Patrick Jones and John C. O'Reilly.

FEEL SHAKY, BILIOUS, HEADACHY, OR CONSTIPATED? TAKE CASCARETS

Sick headaches! Always trace them to lazy liver, delayed, fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When the poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache.

Cascarets remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. The effect is almost instantaneous. Ladies, whose sensitive organisms are especially prone to sick headaches, need not suffer, for they can be quickly cured by Cascarets. One taken to-night will straighten you out by morning—10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too—they love them because they taste good and never gripe or sicken.

GIMBEL BROTHERS Will Inaugurate Tomorrow

A Display of Specialized Ten-Dollar Millinery

Distinctive Plush, Velvet and Fur
Hats from Their Own Ateliers

This Display is the outcome of an ambition! For a long while people have told us that our \$10 Hats were unequalled in New York, but we were not satisfied—we wanted to have hats that were unrivaled anywhere. And for weeks and weeks we have exercised every energy to attain this result, for we knew that we had every facility to master it—having imported the finest millinery materials of Paris, having artist-milliners that rank foremost in America, besides our Paris Bureau that is sending new models for inspiration all the while.

That the result is phenomenal, and that our ambition has been fulfilled, will be proved in this Display tomorrow.

These are Hats with exclusive lines, for they were hand-made in our own workroom—and are not the ordinary factory types that one usually finds at \$10.

Styles are distinctive, and they possess that indescribable tone of refinement, as well as Parisian chic.

At least 150 Hats in the Display—including the new draped turbans of seal, with velvet crowns, a new beret model, the Hat with the shooting loops, many trimmed with ostrich and wing novelties. The Display will be in the Medium-price Salon.

Special favorites are the Eclipse patent coltskin cloth top button shoes without tips, the smart new gun-metal button and lace shoes with gray whipcord tops, and the high-cut Storm Shoes in tan or black willow calf with stout soles.

Women who like comfortable shoes are looked out for with special straight-last models in soft kidskin.

The Display of Fine Dress Goods Now at Its Height

Its complexion is changing from day to day, as the more strictly Winter fabrics replace the lighter ones for Autumn wearing.

Just in from Europe, for example, is a new variation of the beautiful Peau de Souris, or mouseline. The soft nap is cut in a diagonal effect, and the colorings are brown, navy blue and black. These superb fabrics, and some new Diagonal Velours, are \$5 yard, and there is a rich showing of other weaves of the same nature.

Other notable groups are the foreign and American Cloakings—many exclusive; the Wool Eponges, which we were first to introduce to New York, and the fashionable Corduroy and Whipcords. Which brings us to a special offering of \$1.50 Navy Blue and Black Whipcords, \$1 Yard.

A fine firmly woven quality, pure wool, 54 inches wide, in a handsome cord, in black and two shades of navy blue, now at a saving of one-third. Second Floor

Chiffon and Net Tunics That We Chose Abroad

That we did so explains not only the charming distinctiveness of the designs, but the prices, which are much lower than women will usually pay for tunics of equal beauty.

One group at \$15.75 is of chiffon in delicate evening shades, embroidered with fine crystal beads; the skirt with a slight train—simple and pretty enough for a debutante.

Short tunics of very smart style, embroidered with fine crystal beads on chiffon in evening colorings, are \$16.75.

Net Tunics, embroidered with fine crystal beads, French paillettes and tiny rosebuds, the skirt slightly trained, are graceful indeed at \$25.50.

Philippine Waist Patterns Under-Price

A direct importation, from the Philippine Islands, of Waist Patterns, hand-embroidered by the natives, on fine batiste, in pretty floral designs, at \$1.50, \$1.75 and \$3.50, usually \$2.25 to \$5.

The MONTH-END SALE Continues Tomorrow

Yesterday we printed the news in detail. There were remarkable offerings presented in this once-a-month movement. Because of the tremendous selling, as this announcement goes to press, it is impossible to say just what offerings will be here tomorrow. But everything announced yesterday will be continued tomorrow unless the entire quantity has been sold. Practically all the offerings were provided in quantities to last for the two days.

Of this be certain: The Subway Store, on both of its vast floors, will be teeming with extraordinary offerings, every one of which measures up fully to THE LAW OF THE MONTH-END SALE. Everything advertised must be decidedly under-price, and everything must be materially lower in price than it had previously been during the month, even though it has been reduced in price before.
